

## Safeguarding and Welfare Requirement: Health

### 6.3 Recording and reporting of accidents and incidents

(Including procedure for reporting to HSE, RIDDOR)

#### Policy statement

We follow the guidelines of the Reporting Injuries, Diseases and Dangerous Occurrences (RIDDOR) for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are NOT regarded as incidents and there are separate procedures for this.

#### Procedures

##### *Our accident records:*

- is kept online using My Montessori Child;
- is accessible to all staff, who know how to complete it; and
- is reviewed at least half termly to identify any potential or actual hazards.

Ofsted is notified of any food poisoning affecting two or more children looked after on our premises and any serious injury requiring treatment by a general practitioner or hospital doctor (e.g. breaking a bone), or the death of a child or adult as soon as possible or at least within 14 days of the incident occurring.

Local child protection agencies are informed of any serious accident or injury to, or the death of any child while in our care and we act on any advice given by those agencies.

When there is any injury requiring general practitioner or hospital treatment to a child, parent, volunteer or visitor or where there is a death of a child or adult on the premises, we make a report to the Health and Safety Executive using the format for the Reporting of Injuries, Diseases and Dangerous Occurrences.

## *Dealing with incidents*

We meet our legal requirements for the safety of our employees by complying with RIDDOR (the Reporting of Injury, Disease and Dangerous Occurrences Regulations). We report to the Health and Safety Executive:

- any accident to a member of staff requiring treatment by a general practitioner or hospital; and
- any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident but could have done, such as a gas leak.
- Any dangerous occurrence is recorded in our incident book. See below.

Information for reporting the incident to Health and Safety Officer is detailed in the Pre-school Learning Alliance's *Accident Record* publication.

## *Our incident records*

- We have ready access to telephone numbers for emergency services, including local police. Where we rent premises we ensure we have access to the person responsible and that there is a shared procedure for dealing with emergencies.
- We keep incident records online for recording incidents including those that are reportable to the Health and Safety Executive as above.
- These incidents include:
  - break in, burglary, theft of personal or the setting's property;
  - an intruder gaining unauthorised access to the premises;
  - fire, flood, gas leak or electrical failure;
  - attack on member of staff or parent on the premises or nearby;
  - any racist incident involving staff or family on the centre's premises;
  - death of a child, and
  - a terrorist attack, or threat of one.
- In the incident record we note the date and time of the incident, nature of the event, who was affected, what was done about it or if it was reported to the

police, and if so a crime number. Any follow up, or insurance claim made, is also recorded.

- In the unlikely event of a terrorist attack we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard *Fire Safety and Emergency Evacuation* Policy will be followed and staff will take charge of their key children. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on the premises, the emergency services are called, and the advice of these services are followed.

The incident record is not for recording issues of concern involving a child. These are recorded on child's own file.

### ***Education Inspection Framework***

- As required under the *Education Inspection Framework*, we maintain a summary record of all accidents, exclusions, children taken off roll, incidents of poor behaviour and discrimination, including racist incidents, and complaints and resolutions.

### **Legal framework**

- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995
